

We would like to credit the hundreds of people from institutions in the United States and Internationally, who have worked on the Pedi Crisis Checklists since they were founded by Genie Heitmiller in 2007, as well as the Pedi Crisis Mobile App

Because this was such a large group over many years, it is likely that we have inadvertently left off some names. Please email us at spapedicrisis@gmail.com if we have made this error, and we will make corrections.

A huge ‘thank you’ to:
